RIVERTON, RIVERVIEW AND LOCUST FARM NURSERIES, near RIVERTON, N. J.

The Dahlia in its many improved forms are now such an important feature in most gardens that we found it necessary to greatly extend our culture of the same and during the past season we devoted over 40 acres at our new Riverview Nurseries, a short distance from our main Nursery at Riverton, N. J., to their cultivation. This area contained upwards of 300,000 plants and during their long flowering period, which extended from early in August until October 29th when they were cut by frost, (a period of about 3 months), presented what was undoubtedly the greatest show of Dahlias ever seen in this country and was inspected by a large number of our friends and patrons.

We had under trial some 800 varieties of which we had room to offer but 269 sorts in our Garden Book for 1912, this comparatively short list being the kinds which we consider the most desirable for general use. In this special catalogue we offer and describe about 500 varieties which include all the sorts offered in our Garden Book and in addition such other kinds as have proved to possess the requisite free-flowering and other qualities which entitle them to a place in a high-grade collection, and which embraces not only the cream of the old well-tried standard sorts of all types but also the newest introductions gathered together from the many specialists in all countries where Dahlias are grown, and we believe the enlarged list offered in this catalogue is the most complete and up-to-date collection of Dahlias offered this season.

The attention of our customers is respectfully called to the following directions, which will, if followed, be an aid to purchasers as well as to ourselves:

FORWARDING—Dahlia plants and roots can be sent by mail if so desired, but we strongly advise our customers to have them sent by express, as larger and finer plants and roots can be sent in this way, and "extras" are added to help defray charges, and we always ship in this way unless instructed to the contrary. Plants and Bulbs are now taken by the Express Companies at a reduction of twenty per cent. from the regular rates for merchandise.

LOCAL DELIVERY—We deliver goods free in Philadelphia, Germantown and Chestnut Hill. We also deliver free of charge by Package System (Baggage Master) to all points where this system is in operation.

PACKING—No charge is made for boxes or packing, nor for delivery to Freight Depots or Express Offices in Philadelphia.

REMITTANCES should be made by Post Office Money Order, Drafts on Philadelphia or New York Banks, or Express Money Orders. We disclaim all responsibility when remittances are not made as above directed. Where it is not possible to obtain these, the letter should be registered. Postage stamps will be found a convenient method of remitting for small amounts, and can be used by us to advantage. Coin should not be sent by mail.

CASH WITH ORDER—Please send money with the order sufficient to cover the whole bill. We decline sending goods "Collect on Delivery," unless remittances be made on account to guarantee acceptance.

SAFE ARRIVAL OF PACKAGES—We endeavor to secure the safe arrival of packages in good condition in every case. If a package is injured or lost, by Mail or Express, we will replace it as soon as informed of the fact. Frequently it happens that orders never reach us, or are without signature. When customers fail to receive their packages in a reasonable time they should inform us, and, at the same time send a copy of their order and any other information necessary to trace the goods. Complaints must be made on receipt of goods.

NAME AND ADDRESS—Please remember to write your Name, Post Office, County and State; also give number of street or P. O. Box as distinctly as possible; also the nearest Express Office.

DREER'S SELECT DAHLIAS

One of Our Leading Specialties

All of the varieties offered in this catalogue are supplied in strong, dormant roots, excepting some of the newer kinds which we can only furnish in plant form and which are noted in the catalogue. These plants are ready to be planted between the middle of April and the first of May. As the season advances our supply of roots of some of the older varieties become exhausted in which case green growing plants are sent instead. These will give equally as good results as dormant roots flowering just as freely and many experienced planters prefer them to dormant roots and by the time they are cut by frost in the Autumn they will have produced strong roots which can be carried over winter in the usual way.

A Few Cultural Notes

One of the most important points in the cultivation of the Dahlia is to select a well-drained position where they will receive the full benefit of the sun during the greater part of the day.

As to soil, they are not at all particular, excepting that in the case of a stiff clay some loose material should be added, such as coarse sand, old mortar, or anything which will make the soil loose and friable. The soil must be deeply dug, if possible, to a depth of two spades, and a liberal amount of suitable plant food incorporated. For this nothing is more satisfactory than well-decayed stable manure; but where this cannot be conveniently procured pure bone meal, sheep manure, or any chemical fertilizer rich in ammonia and phosphoric acid will answer as a substitute.

The planting of dormant roots in the latitude of Philadelphia may be done at any time between April 25th and June 15th, the earlier planting being preferable. Green or growing plants must not be set out until all danger of frost is over, say May 16th or 15th. Do not crowd your plants, but plant at a distance of not less than 2½ or 3 feet, and, as soon as the shoots appear, remove all but two or three of the strongest, and these, when about a foot high, should be secured to stout stakes.

NEW GERMAN GIANT CACTUS DAHLIAS

In our fields during the past summer these varieties attracted great attention. Not only are the flowers of very large size, most of them distinct and unique in form, but the habit of the plants is also very vigorous, growing with us about 5 feet high and free-flowering. All will be found desirable additions to any collection.

**Nerthus.** The centre of the flower is a rich, glowing, bronzy orange-yellow, passing to a carmine-rose at the tips, the whole suffused with a glowing golden color, which gives it an iridescence which is not possible to describe.

**Rheinkonig.** Pure snow-white flowers of splendid form, 5 inches and over in diameter. These are of great substance, lasting splendidly when cut; they are borne on long, stiff stems held well above the foliage, making it as valuable for garden decoration as for cutting.

**Vater Rhein.** Flowers frequently 7 inches in diameter, raised well above the foliage on stout stems; the petals are broad, curled and twisted, forming an ideal flower, the color of which is yellow, suffused with salmon-rose; a beautiful, attractive and imposing flower.

**Wodan.** Bold, large, but not coarse flower, frequently 7 inches in diameter; a graceful arrangement of semi-incurred tubular petals of a pleasing, delicate salmon-rose color, shading to old gold in the centre.

**Wolfgang von Goethe.** Large, gracefully-arranged, perfect flowers of a rich apricot, with carmine shadings.

30 cts. each; $2.00 per doz.; $20.00 per 100. The set of 5 varieties for $1.25.

Mme. Berthe Gemen. A splendid flower of large size of a rosy currant-red suffused with sparkling naples-yellow on long stiff stems well above the foliage. 75 cts. each.

Mme. Caffin. Apricot with rose-mauve shadings, a well-formed delicately colored flower. 75 cts. each.

Mme. Juhel. A brilliant currant-red marked at the base of the petals with lines of pure white which frequently extends throughout the petals as white stripes, a pretty combination. 75 cts. each.

Mondsee. Pure white with the finest touch of silvery rose in suffusion at the tips of the petals; a splendid flower.

Mons. Gemen. A brilliant fiery-red shading deeper to the base of the petals. 75 cts. each.

Mozart. A fine crimson with intense scarlet shadings of good Cactus form on stiff wiry stems.

Mrs. Alfred Dyer. A fine variety with every good quality, color a soft pleasing lemon yellow at centre, gradually shading to a soft tint of rosy pink at tips. The flowers are large with narrow incurved petals. 75 cts. each.

Mrs. Henry R. Wirth. We offered this splendid Dahlia in 1910, but the demand was so strong that we were unable to fill all orders, and we were obliged to withdraw it from our catalogue in 1911. We are in position to offer it this season in good plants only, ready May 1st. It is a glorified form of the popular Standard Bearer, having flowers of the same size, but of a more intense, rich, glowing, fiery scarlet and the freest flowering high-colored Cactus Dahlia in our grounds; it is not only the first to bloom, but it is loaded with flowers to the end of the season. We consider this a splendid companion to the Countess of Lonsdale, which for years we have recommended as the Dahlia for the million. (See cut.)

Mrs. Pauline MacKenzie. A beautiful autumn-tinted variety; built with apricot shadings, very pleasing flower of good form; very free. 75 cts. each.

Mrs. T. W. Willis. A very large flower with long narrow petals, white at the centre, the edges and tips being a suffusion of rosy-mauve, delicate and pleasing.

Myrcenes. Amber yellow heavily suffused with salmon with narrow tubular petals.

Price. Any of the above, except where noted, 50 cts. each: $3.00 per doz.

New Cactus Dahlias for 1912

Libellule. Of splendid form, sulphur-yellow shaded with capucine-red, free-flowering.

Lightship. A splendid yellow with long narrow petals on three feet long stems. 75 cts. each.

Lord Minto. Very symmetrical flowers with long, quilled petals, which are cel at the tips, giving the flower a grace not found in any other Dahlia; color centre pale yellow, passing to a soft rosy-salmon at the ends of the petals.

Louis Duc. Very large flower with long pointed petals of a cadmium yellow striped with lemon-yellow. 75 cts. each.

Magnet. Distinct in color, a coppery old rose with mauve suffusion towards the tips; a fine flower composed of broad petals, tubular towards the tips and more or less curled or twisted. 75 cts. each.

Magpie. A good-shaped flower, maroon heavily tipped white; free and constant. 75 cts. each.

Manon. Flowers of medium size of beautiful Cactus form on long stems; splendid for cutting, of a pleasing canary yellow, one of the best. 75 cts. each.

Marathon. A brilliant, rich purple, illuminated with higher, brighter shadings; entirely distinct in color. (See cut, page 3.)

Marguerite Bouchon. The most beautiful Cactus Dahlia grown. Absolutely perfect in form, free-flowering, of very large size, the flowers held well above the foliage; color a magnificent shade of brilliant yet soft rose with very large white centre and distinctly defined white tips. (See cut, page 3.) Orders for plants booked in rotation for delivery after May 1st. Stock very limited, $1.00 each.

Marjory Seale. Splendid deep buttercup-yellow, an immense flower with long, narrow, straight petals, produced freely on stiff stems. 75 cts. each.

Melilla. A grand flower, very full and double, of a novel tint of chrome yellow with lemon suffusion; very free flowering. 75 cts. each.

Minima. A small Pompon Cactus variety, quite distinct, purple-crimson flowers with narrow petals, of neat form.

Mirifique. Centre wine-color tipped white, suffused with lilac, a unique and distinct color combination; a fine exhibition flower. 75 cts. each.

Miss Wilmott. A very free-flowering bedding variety of a clear orange-scarlet on long stiff stems. 75 cts. each.
New Cactus Dahlias for 1912
(Continued)

Mons. Quentin Bouchard. A bright scarlet, the tips of the petals deeply cleft and twisted, the flowers are large and borne on long, stiff stems. 75 cts. each.

Nisi Prius. Bright orange scarlet with a well-defined yellow centre, the petals are long, narrow and straight; it flowers early and abundantly. 75 cts. each.

Oswald. Orange-red shading to tomato-red at tips of petals, fine, well-shaped flowers on good stems. 75 cts. each.

Otto Henschel. A good bright canary yellow.

Penfix. A splendid, large, exhibition variety of perfect form, on stiff stems of a bright golden-yellow.

Phenix. Another of the very good novelties for the year, with very large, well-formed flowers of a rich, deep cardinal-red, the petals are long, narrow and straight; it flowers early and abundantly. A most brilliant and rich color combination and entirely distinct. (See cut page 4.)

Prima Donna. Distinct and free, flowers large, with long, tubular twisted incurved petals, the centre ones creamy white, the outer delicate mauve-pink; very choice.

Prince Mary. A large flower of a pleasing light terracotta—lightly veined with reddish carmine, quite distinct. 75 cts.

Quimbo. A most shapely, true cactus form, of a crimson-mahoon shade, the narrow, well-incurved petals faintly touched with white at the tips; remarkably free-flowering. 75 cts.

Red Admiral. One of the most brilliant yet introduced, rich fiery scarlet, flowers of largest size, full in centre; a splendid exhibition flower. 75 cts. each.

Reggie. A splendid free-flowering garden variety of a rich crimson shaded maroon.

Reine Amelia. Long, narrow petals of a rose flesh color, with fawn shadings passing to almost white at the centre. 75 cts.

Rev. J. W. Jamison. An exhibition flower of very large size with long incurved petals of a bright mauve-pink, illuminated with salmon at base of petals. (See cut.) 75 cts.

Rivalin. Narrow, long incurved petals, very full, of a delicate tender rose, very free and fine for cutting. 75 cts. each.

Rosaeflora. A particularly free-flowering variety with long, straight petals of a pure rose, the centre of the flower being white. 75 cts. each.

Rosa. One of the most distinct and attractive of a most pleasing rose color, the flowers are of largest size and finest quality. 75 cts. each.

Rosa Siegerin. A beautiful flower of true cactus form with long, narrow petals of a tender mauve-pink shading to nearly white in the centre.

Satisfaction. A beautiful flower of extreme incurved type, with very long, narrow petals forming a most graceful flower, white shading to very soft pink. 75 cts. each.

Siegstab. A rich French purple of splendid form and very free-flowering.

Silver Wings. A splendid free-flowering, creamy white. 75 cts. each.

Soleil Couchant. The most brilliant orange-scarlet, shading to reddish-salmon at the tips; petals broad; flowers of good form on stiff stems.

Stalwart. One of the best reds for garden decoration, an intense rich crimson scarlet; very free flowering. 75 cts.

Stormer. Another brilliant deep scarlet of the finest form and one of the most reliable. 75 cts. each.

Strahlenglanz. A beautiful suffusion of old gold and salmon; not a very large flower, but a pretty harmonious autumn color.

Success. Pure yellow with incurved twisted petals; a distinct variety on good stems well above foliage. 75 cts.

Sunshine. Long incurved petals forming a large, very deep flower of a deep glowing crimson-carmine which is intensified by the lighter tips and golden suffusion at the base of the petals; a splendid flower. 75 cts.

Trautleib. A delicately colored variety with large twisted petals, the outer ones of a tender rose with mauve suffusion, gradually passing to almost white at the centre; very free. 75 cts. each.

Wellington. A bright glowing scarlet with a suffusion of purplish-carmine towards the tips; a good incurved flower on long stems.

W. T. Rogers. A splendid dark variety; large flowers on stiff, wiry stems; velvety maroon, illuminated with crimson.

Yvonne Cayeux. Almost star-shaped, the straight petals arranged with the utmost regularity; color an immaculate white. 75 cents each.

Price. Any of the above, except where noted, 50 cts. each; $5.00 per doz.
THE CREAM OF THE CACTUS DAHLIAS
INTRODUCED IN 1911

Another season's trial fully convinces us of the superior merits of the twenty sorts here listed, all of them high class varieties which it will be hard to displace.

Mauve Queen. A distinct and beautiful variety, formed of long, tubular, incurved petals of a pleasing shade of clear mauve, shading lighter towards the centre. (See cut.)

Mrs. T. J. Woodall. Pure primrose, passing to carmine-pink at the points of the petals. These are long and narrow, gracefully curved, and the charming combination of colors forms a flower of great beauty. (Illustrated on front page of this catalogue.)

Queenie. A perfectly formed flower, with long, narrow petals of a delicate rosy-salmon, the reverse of the petals a deep salmon, forming a rich color combination.

Rev. Arthur T. Bridge. The colorings in this variety are extremely handsome, being a bright, clear yellow, heavily tipped and suffused with bright, yet deep, rose-pink; good, erect habit; produces grand flowers.

Rosa Starr. A large, perfect flower, of long, tubular, twisted petals of perfect cactus form, color a light crimson-carmine.

Ruby Grinsted. A most delicately colored variety. The centre is a soft, tinted yellow, which is gradually suffused until it becomes a rich shade of rosy-fawn.

Snowstorm. A large, bold, white flower, of fine form, moderately incurved; the plants are sturdy but dwarf, and commence flowering very early in the season.

T. G. Baker. Very large, fine yellow flowers on stiff, wiry stems, of dwarf, vigorous habit.

Tressie. A brilliant, rich flower, of deep scarlet, without shadings, of perfect cactus form. One of the finest of the high-colored sorts.

Zwergsonne. Very dwarf pompon cactus, producing freely small but very perfect sulphur-yellow flowers.

Price. Any of the above, 35 cts. each; $3.50 per doz.; $25.00 per 100. One each of the 20 sorts for $5.50.

Armentine Desleins. Of perfect form, full double, with the ends of the petals cleft, color creamy-yellow, suffused with bright violet-rose, distinct and pleasing. (See cut.)

Amber Queen. A bold, large flower of a rich amber, suffused with scarlet; very attractive and free flowering.

Arlsted Gurtier. A splendid flower, composed of long narrow petals, of fine form, color mars-orange, suffused with scarlet, deepening towards the centre.

Belladonna. Beautiful flowers of medium size, with narrow petals, forming a fine high-centered, full, double flower, centre bright canary-yellow, base of petals orange-salmon passing to soft rose at the ends; a pleasing, delicate color combination.

Etruria. A splendidly formed large flower, with very long, graceful petals, which are of reddish salmon, brightening at the centre; very distinct and desirable.

Favorita. Exceptionally free-flowering, with medium-sized but perfect blooms held well above the foliage, color a fresh violet-rose intensified by the yellow base of the petals.

Goldland. A splendid primrose-yellow, of perfect form and very free-flowing.

Gondola. A clear rosy pink, with very large, gracefully arranged flowers, with long, narrow, peculiarly twisted petals.

Harmony. A splendid novelty, with full but gracefully formed flowers of a salmony-red color, with lighter tips and chamois-yellow centre.

Helene Steinbach. A delicate shade of rosy-heliotrope, distinct, novel and pleasing.
“THE DREER COLLECTION” OF
CACTUS DAHLIAS OF SPECIAL MERIT

This is a selection of twenty-five varieties made with a view to supplying the amateur with an assortment of Cactus sorts, which in our own experience we have found to be the finest-flowering under the most varied conditions of soil and climate, and which can be depended upon to make an early and continuous display in the garden, and at the same time furnish an abundance of choice flowers for cutting. The varieties are all introductions previous to 1911, and have been under observation ample time to establish their superior qualities.

Aschenbrodel. Base of petals gold, passing to rich rose pink, tipped lemon; very beautiful, very free.
Aurora. A beautiful reddish-apricot suffused with flesh pink, shading lighter to the tips. (Illustrated on front cover of this catalogue.)
Countess of Lonsdale. A peculiar but pleasing blending of salmon-pink and amber, a color difficult to describe. This is the Dahlia for the million. Flowers freely under all conditions. (See cut.)
Country Girl. Base of petals golden-yellow suffused with salmon-rose, which is deepest at the points.
Else. A charming variety, with a combination of delicate colors. The base of the petals is of buttercup-yellow, gradually passing to amber, finished with a tip of tyrian rose.
Flora. An ideal white Cactus Dahlia. A large, heavy flower, produced on stout, stiff stems, makes it valuable for cutting.
Floradora. A remarkably free-flowering, bright blood-red.
Frau Hermine Marx. A delicate silvery-rose of good size and very free.
Goliath. Ground color yellow, suffused and tinted with reddish-salmon.
H. W. Sillem. A brilliant, rich, cardinal-red, with deeper shadings; flowers of perfect form, and very large.

CACTUS DAHLIA, COUNTESS OF LONSDALE

Lawine. White, with just a suggestion of blush as the flower matures; a fine, full, large flower; one of the best. (Illustrated on front cover of this catalogue.)
Master Carle. Very large, bright saffron-yellow; a splendid flower.
Mrs. Geo. Stevenson. A bright, sparkling yellow, with large, perfect flowers on long stems.
Mrs. H. J. Jones. Very large, perfect, rich, bright scarlet, with cream-colored edge; occasionally comes self-colored.
Pink Pearl. Mallow pink at base of petals, gradually shading to white at tip of petals.
Plus X. A beautiful large, white, with slight sulphur tint; very double, with nicely quilled petals.
Progenitor. Bright carmine, each petal being furcated on the end like a staghorn fern.
Roland von Berlin. A magnificent, brilliant and intense geranium-red, with deeper shadings and full of fire. (Illustrated on front cover of this catalogue.)
Rother. Rich, bright garnet; one of the finest dark-colored sorts yet introduced.
Sceptre. Base of petals yellow, passing to mauve-rose at tips with salmon sheen; a pleasing, live color. (See cut.)
Sequoia. A beautiful variety, with long, tubular petals cleft at the tips, of a deep saffron-yellow suffused with red; a splendid autumn tint. (Illustrated on front cover of this catalogue.)
Strahlen Krone. Intense cardinal-red; rich and glowing.
Price. Any of the above, 25 cts. each; $2.50 per doz.; $18.00 per 100. Set of 25 varieties for $5.00.

SPECIAL OFFER

One each of the five sorts shown on plate used as front cover of this catalogue, a fine collection for $1.25.

CHOICE DOUBLE SHOW DAHLIAS

The thirty-six varieties offered below is one of the finest collections of this favorite type ever offered, and includes a number of new sorts of more than usual merit.

While Dahlia specialists all over the world appear to have devoted most of their attention to the production of new colors and improved forms of the Cactus type there are still a large number of planters who prefer this fine old densely double sorts.

A. D. Livoni. A splendid clear pink, beautifully quilled, of perfect form, and very free-flowering.

Arabella. Light sulphur-yellow, shaded peach-blossom on edges; a fine flower.

Caleb Powers. Best described as an improvement in size, coloring, and in even earliness, to the popular variety, Susan, offered in this list, a delicate shell-pink of splendid form. 50 cts. each; $5.00 per doz.

Chas. Lanier. The largest deep yellow Show Dahlia to date. Very rich yellow and fine for cutting.

Colonist. A peculiarly colored variety, the center of the petals coral-red, edges and tips suffused and shaded purple-lake, of fine form.

Duchess of Cambridge. Base of petals white suffused pink, heavily tipped dark crimson.

David Johnson. A beautifully quilled almost globular flower of a peculiar bronzy shade of shrinping-pink.

Edward Mawley. A splendid new deep self-colored crimson of perfect form and very free. Plants ready April 15th. 75 cts. each.

Emily. Solferino, with white markings; very large and free-flowering.

Ethel Britton. Creamy white, lightly suffused and tipped with solferino-red.

Gettysburg. Large bright rich scarlet.

Glorie de Lyon. A well formed large white.

Gracchus. Orange, shaded apricot; a fine flower.

Hero. Aniline red, of fine shade.

Iris. A new sort of immense size, large petals, full double, orange scarlet suffused with carmine with golden sheen at the tips. Plants ready April 15th. $1.00 each.

John Thorpe. A fine large solferino-red.

John Walker. An elegant pure white.

Lady Maude Herbert. Pale yellow, shaded peach, heavily tipped crimson.

SHOW DAHLIA, PRINCESS VICTORIA

Mme. Alfred Moreau. The most perfect large pure mauve-pink; a splendid flower.

Mariner. Apricot, suffused and tipped with carmine lake.

Miss May Loomis. White suffused with soft rose.

Mrs. Glascock. A creamy white of very large size and perfect form.

Pandora. A new variety of most delicate soft mauve-pink of absolutely perfect form. Plants ready April 15th. 50 cts. each.

Princess Victoria. A sterling novelty, being the earliest and freest-flowering primrose-yellow; never produces an imperfect flower, and is in bloom early and late; long, stiff stems; fine for cutting. 50 cts. each.

Pendent. An early and profuse-flowering crimson-maroon.

Queen Victoria. A popular light yellow.

Ruby Queen. Brilliant deep ruby-purple.

Red Hussar. Pure cardinal red.

Southern Queen. A large, absolutely perfect flower of a deep rosy-mauve with darker shadings. Plants ready April 15th. 25 cts. each.

Sulphurea. A splendid free-flowering pure sulphur-yellow of perfect form. 25 cts. each.

Standard. One of the best show varieties in our collection, every flower being perfect and remarkably free-flowering, in color a deep rich blood-red with brassy shimmer. 50 cts. each.

Susan. Probably no Dahlia ever introduced by us has given such universal satisfaction as this, a beautiful, delicate, soft shell pink, of splendid form, remarkably early and free-flowering, with long stems; splendid for cutting.

Thomas White. Purple garnet shaded black. 35 cts. each.

White Dandy. A splendid white of good form with quilled petals. 25 cts. each.

White Bedder. Fine, large, globular pure white.

Yellow Livoni. Undoubtedly the most perfectly quilled Dahlia grown; flowers of medium size, but very perfect, of a soft lemon yellow.

Price. Except where noted, 20 cts. each; $2.00 per doz.; $15.00 per 100. One each of the 36 varieties for $8.50.
GRAND GIANT DAHLIAS

The seven sorts here offered are, without exception, the largest and most perfect double-flowering Dahlias now grown, flowers of all of them attaining a size of between five and six inches across under ordinary cultivation. As cut flowers for vases they are exceedingly effective and last a long time in good condition.

Beloit. Particularly effective on account of its very large flowers, borne on stems 18 to 20 inches long and held well above the foliage; these are full double, of splendid form, of a rich purplish-garnet, shading deeper towards the centre.

Cuban Giant. An immense ball of bright maroon, free and early.

Dreer's White. Introduced by us in 1900, and unquestionably the most valuable Dahlia sent out in many years. In color a pure glinting white, and resembling in form the popular Grand Duke Alexis, while in freedom of flowering it is not surpassed by any. It has succeeded in all parts of the country, has been much admired at the exhibitions where shown, and has also met with much favor as a cut flower. (See cut.)

Grand Duke Alexis. Large, massive flowers, ivory-white, with a faint tinge of rose at the extremities of the petals.

Mrs. Roosevelt. Of immense size and remarkably free-flowering; color a delicate silvery rose.

Souvenir de Gustave Doazon. A decorative variety of mammoth proportions, which under ordinary cultivation will produce flowers 6 inches across, and can be grown to measure full 9 inches. It is of free growth, remarkably profuse-flowering and pure red in color.

Price. 25 cts. each; $2.50 per doz.; $18.00 per 100.

One each of the seven Giants, $1.50.

CHOICE DOUBLE FANCY DAHLIAS

Chameleon. Flesh-colored centre, shading to crushed strawberry, with yellowish blending.

Elegans. Tyrian rose, tipped white.

Eloise. White, tinted flesh, each petal edged purplish-garnet.

Fancy Mariner. Ground color lilac freely splashed with rosy purple.

Frank Smith. Intense purplish-maroon, shading almost to black; each petal tipped with white.

Gold Medal. A grand new, early and continuous bloomer, color dandelion-yellow, streaked and splashed with oriental-red, a most bizarre effect; frequently instead of being striped the red appears as a tip to the petals, beautiful in either form. 50 cts.; $1.00 per doz.

Keystone. Light rose, spotted and striped crimson.

Lucy Fawcett. Sulphur yellow, striped and spotted carmine-rose.

Miss Browning. A perfectly-formed flower, a canary-yellow, tipped with white.

Mrs. Stancombe. Straw-yellow, suffused amber, striped red and tipped blush.

Mrs. W. Truesder. A most perfect exhibition flower, creamy-yellow, edged heavily with rosy pink. Plants ready April 15th, 50 cents each.

Olympia. Bright rose-pink, striped, spotted and penciled with glowing crimson.

Price. Except where noted, 20 cents each; $2.00 per dozen; $15.00 per 100. Set of 18 varieties for $3.75.
New Pompon Dahlia “NERissa”

The advance in this miniature type of Dahlias has not kept pace with the other classes, and it is but rarely that we have a novelty to offer; but in Nerissa we have such a perfect little gem that it should be included in every collection. The plant is of ideal habit, and always loaded with flowers not over two inches in diameter, of perfect form, and of that beautiful shade of lively mauve-pink that appeals to everyone and that shows up so fine under artificial light. Plants ready April 15th. 25 cts. each; $2.50 per dozen.

DOUBLE POMPON DAHLIAS

Agathe. Lemon-yellow, quilled
Anne Doncaster. Light yellow, base suffused with pearly-pink.
Arthur Kerley. Purplish crimson; very free. 25c. each.
Blumenreich. Deep amber suffused with red, perfect little flowers.
Catherine. Well formed primrose-yellow.
Edina. Pure yellow with small red tip.
Elegante. Soft pink tipped deep pink.
Frau Dr. Knabe. Rose tinted white with violet tips, the most closely quilled variety grown.
Ganymede. Ground color golden amber; tips and reflex bright rose; very pretty.
Gold Hanchen. Pure primrose-yellow.
Ideal. Orange-yellow, very perfect.
Julius. Ground color buff, very deeply edged with crimson; very free. Plants ready April 15th, 25 cts. each.
Kleine Domitea. Orange buff; always in flower.
Lilian. Violet rose with darker shading.
Little Bessie. Creamy-white, closely quilled.
Little Herman. Deep carmine, shaded garnet, tipped white.
Little Naiad White tipped amaranth red.

NEW DUXEP CENTURY DAHLIAS

These differ from the regular Century type in having two or more rows of petals, while still retaining the general appearance and characteristics of the original type; all of them are splendid varieties both for cutting as well as for garden decorations; all very free flowering.

Big Chief. Rich crimson, with maroon shadings on margins.
Cardinal. Very large rich cardinal-red, with broad, reflexed, well-rounded petals.
Centaure. Brilliant orange-red, shaded crimson, of very large size. Plants ready April 15th.
Mme. Herlot. The largest single-flowering variety in cultivation; flowers frequently measure 6½ inches in diameter, of a pure glistening white, borne on stout, stiff stems. Plants ready April 15th, 50 cts. each.
Merry Widow. Exceptionally bright, deep scarlet flowers of a very large size. Effective for massing. (See cut.)
Sensation. A gorgeous flower, brilliant vermilion-red, heavily tipped with white.

Price. Except where noted, 25 cts. each; $2.50 per dozen. The set of 6 varieties for $1.50.
NEW CENTURY SINGLE DAHLIAS

These magnificent single varieties are all of free-branching habit, flowering early, profusely and continuously throughout the season; flowers 4½ to 6 inches across on stems 3 feet long, and when cut keep in good condition for many days.

Crimson Century. Rich, deep velvet crimson, shaded maroon, with rose halo around a yellow disc.

Deegen's Riese. Rich tyrian-rose, with a brilliant red iridescence at the base of each petal.

Fringed Century. Intense rosy crimson with lighter markings, fringed or cleft petals.

Gladys. A much improved form of Twentieth Century of large size, retaining its bright color throughout the season, centre of petals brilliant rosy-crimson with rose-pink band on either side and snow-white centre surrounding the yellow disc. Plants ready April 15th. 35 cts. each.

Jack. Brilliant fiery scarlet, the base of the petals overlaid with golden-yellow; the freest-flowering Dahlia grown.

Maroon Century. Rich maroon, with yellow disc.

Mme. Anthelme Combet. The finest white for cutting; of great substance. Plants ready August 15th. 50 cts. each.

Pink Century. Delicate soft pink. 35 cts. each.

Rose-Pink Century. Flowers 6 inches and over in diameter, of a clear rose-pink color; a strong grower with long stiff stems, fine for cutting. Plants ready April 15th. 50 cts. each.

Sunset. Yellow suffused with old-gold and salmon, distinct and desirable. Plants ready April 15th. 25 cts. each.

STANDARD SINGLE DAHLIAS

Advancement. Ruby-red with rose halo and yellow centre.

Alba Superba. Fine large white with a dash of canary-yellow at base of petals.

Anemone. Pure white Anemone Japonica-like flowers.

Blackbird. Black velvety-maroon with a bright red spot at the base of each petal.

Frau Irene Heinemann. Centre of petals white with a broad border of purplish-crimson, sometimes tipped with crimson; pretty in either form.

Frau Van der Zypen. Centre of petals pure white, with a broad band of orange-scarlet on each edge of the broad petal.

Furst Manoukboy. Orange-buff with a narrow edge of bright scarlet; distinct and pleasing.

Gaillardia. Golden yellow with a broad red band around the golden disc, resembling Gaillardia Grandiflora.

Oracle. White, delicately suffused with blush and a primrose halo around the disc.

Lustre. Rosy-pink shading to blush at the centre. 25 cts. each.

Mrs. Bowman. Solferrino, a large showy flower.

Polly Eccles. Pure apricot with yellow shadings, a halo of poppy-red surrounding the Indian-yellow-disc.

Record. Ground color pure yellow, the centre of each petal flamed and marked with pure scarlet.

Striking. Garnet, each petal tipped with white.

St. George. A pretty primrose-yellow.

Wildfire. Brilliant poppy-scarlet of large size.

Pæony-flowered Dahlias

of recent introduction

This beautiful type is now very popular. The artistic flowers are very large, and are best compared to the semi-double Paeonies in general form. They all flower very freely, and are borne on long, strong stems, making excellent material for cutting, as well as for garden decoration.

Antoine Rivière. A brilliant ox-blood red with crimson shadings.
Andrew Carnegie. A fine lily rose pink.
Bertha von Suttner. Exceptionally large flowers of a salmon-pink color with yellow suffusion. 50 cts. each.
Colonel Cody. Deep apricot buff with salmon-pink shadings. 75 cts. each.
Cæsar. A splendid canary-yellow. 75 cts. each.
Corallina. A beautiful coral-red, very large.
Fez. Immense semi-double madder-red tipped amaranth. 50 cts. each.
Geisha. The showiest and most attractive of this type yet introduced; of strong growth, with the rich colored flowers standing well above the foliage. These are original in form, consisting of peculiarly twisted and curled petals, of an effective and rich combination of scarlet and gold, the centre being yellow, which becomes suffused with and deepens to scarlet at the centre of the petals, shading off lighter at the edges.
London. Large bright crimson. 50 cts. each.
Mrs. J. B. Riding. A brilliant fiery red, with twisted and pointed petals. 50 cts. each.
Princess Royal. Yellow overlaid with a rosy sheen. 50 cts.
Porcupine. White ground flushed with soft rose. 50 cts.
Rabat. Enormous flowers of a dark rich purple. 75 cts.
Ironmonger. Lavender with white shadings.

Price. Any of the above, 25 cts. each; $2.50 per doz.
Set of 10 varieties for $2.00.
French Colerette

DAHLIAS

The Colerette Dahlia when first introduced about ten years ago attracted considerable attention as a distinct type, but represented as they were by only a few small flowered varieties they did not become very popular; but recently French specialists have given us many beautiful improved forms, some with very large flowers and with delightful color combinations and from which we have selected the varieties here offered. These are all sorts which have been shown extensively last year at the European Dahlia Shows where they have met with great favor and we feel confident that they will meet with the same approval here. The flowers are single, having one row of petals, with an additional row of short petals around the disc which forms a frill or collar and which is usually of a different color from the rest of the flower.

Comte Nodler. Large perfect flowers, deep satiny purple-garnet with sulphur-yellow centre. collar rays also sulphur-yellow shading to white on the tips. 50 cts. each.

Comte Cheremeteff. Vermilion-red shading to orange at tips; creamy-white collar. 25 cts. each.

Director Rene Gerard. Flowers 5 inches in diameter and perfect, ground color creamy-white suffused and marked with French purple; very long narrow creamy-white collar petals. 50 cts. each.

Duchesse Melzi d’Eril. Entirely distinct, a brilliant orange-scarlet, suffused and marked with bright vermillion, collar petals a mottling of blush-white, purplish-violet and red. 25 cts. each.

Diomedes. Ground white, suffused and touched with blotches of brilliant purple-red, centre yellow, collar petals white, very attractive. 50 cts. each.

Exposition de Lyon. A very gay flower of a bright garnet, with clear yellow collar petals. 25 cts. each.

Goldstern. A pretty self-colored deep canary-yellow, both ray and collar petals being of the same color. 50 cts. each.

Harman Payne. Brownish-red suffused with yellow on the edges, collar petals white with carmine markings. Plants ready April 15th. 50 cts. each.

Henri Farman. Brilliant cardinal-red with velvety shadings, frequently edged with creamy-yellow and large halo of same color surrounding the golden disc, collar petals creamy-yellow. 50 cts. each.

La Fusee. Deep ox-blood-red, the collar of same color marked with white. 25 cts. each.

Lichtblick. Clear lemon-yellow narrow petals, the collar pale yellow, flowers of tulip-like form. Plants ready April 15th. 50 cts. each.

Mme. Gygax. Very conspicuous on account of its rich coloring; a bright cochineal-red passing to yellow tips and exceptionally long primrose-yellow collar petals. 50 cts. each.

Mme. E. Poirier. Deep purple suffused with lighter shades which gives it a violet-blue effect, collar petals white. The nearest approach to a blue. Plants ready April 15th. 50 cts. each.

Mme. Capron. One of the largest, a brilliant reddish-purple, collar petals unusually large of same color but striped and marked with white, very distinct. Plants ready April 15th. 50 cts. each.

Price. One each of the above 24 varieties, a most interesting collection, for $7.50.
